## St. Augustine

### CONFESSIONS OF ST. AUGUSTINE

To the Agnostic of the twenty-first century *The Confessions of St. Augustine* provides a warning. His cultured intellect had sought, at the prompting of his lower nature, complete satisfaction and rest in many deviations from a Faith that demanded a purer life than he was prepared to live. Yet the fact that he finally embraced the Creed of the Catholic Church may suffice to convince unbelievers that this religion of Christ can give to the most logical and scientific mind a peace that elsewhere will be sought in vain.

### AUGUSTINE DAY BY DAY

This books presents thoughts from St. Augustine that apply to present day situations. Each thought is followed by a prayer.

#### January 1 — Weakness becomes strong

He lies in the manger, but contains the world; He nurses at the breasts, but feeds the angels; He is wrapped in swaddling clothes, but vests us with immortality; He found no place in the inn, but makes for Himself a temple in the hearts of believers. In order that weakness might become strong, strength becomes weak.

**Prayer:** My faith prays to You, Lord, the faith You gave me, and inspired in me by the Incarnation of Your Son and the mission of Your preacher.
